INTRODUCTION

econnecx™ is **New Zealand Developed and Supported.**

It is an affordable, simple smart home and office automation system that provides the ability to **schedule appliances and fittings** like the following.

To learn more, watch these videos...

and it is **much more**, all from a simple to use [web site](#) **without the need** for individual time clocks and sensors.

Simple smart phone apps allow you to check if your **garage is closed**, **front door is shut** or your **alarm is set**.

The apps also provide **remote control** of all connected fittings for instant control and remote control of garage doors, alarms etc. which is great for letting in tradesmen, family or friends **without giving away keys and codes**.

This feature can also be used to remove the need for swipe access for access points like garage doors, tenancy doors and automatic gates.

INSTALLING ECONNECX™ IS SIMPLE!

Who installs econnecx™?

As econnecx™ is a simple small box that is installed next to the switch board, it can be fitted by **any electrician** as part of your client's electrical wiring. Trade support, wiring diagrams and on-site assistance can also be provided.

econnecx™ is available from the following wholesalers:

J.A. Russell Ltd
ELECTRICAL & DATA SUPPLIERS

active
ELECTRICAL SUPPLIERS LTD

CORVUS
ELECTRICAL

Redcliffe
ELECTRICAL

telfers

Scott Electrical Ltd

Online Design and Build

Preston's

Why?

econnecx™ provides smart office and home automation that is **practical and simple** to use and produces real results, the first econnecx™ installation was in 2012 and with one client home, their annual **power bill decreased by 16.6%** just by having better energy control and eliminating wastage.

As econnecx™ is web based it **evolves with time** and has the ability to connect to new products and interfaces as they become available. econnecx™ is also managed by the end user without the need for trade support providing **lower on going costs** and commitments.

LEARN MORE WITH A 5 MINUTE OFFICE PRESENTATION

The best way to learn more is to **request an office presentation and we'll come to you**. This is a great way to see both the simplicity of use and set up and see **why econnecx™ is so different** to existing automation systems.
